"Across our Life After Abuse activities (in 2024 -2025) we supported 228 women who have between them 248 children. Within our family support services we supported 265 adults and 317 children. A further development is we are now holding Police Surgeries within our specialist domestic abuse drop-ins. These surgeries enable women to report or ask questions to help them decide if they want to report a crime in a safe environment, removing anxieties of attending the Police Station and reporting online, removing barriers of cost, transportation, no one to care for their children, literacy, language and IT skills."
